

# Professional Body Memberships

Accepted for Membership Applications

## Directly connected to the built environment

Current membership at the below levels will grant full exemption from CIOB's academic eligibility requirements. If you hold one of the below designations, you may proceed to apply for Applicant grade membership and proceed to the Professional Review if you have 3 or more years of professional construction management experience within the built environment or construction industry.

Please note that holding a Professional Membership does not provide any entitlement to enter the MCIQB grade directly without assessment
